Education

B.Tech in CIC (IoT, Cyber Security & Blockchain Technology),

SRKR ENGINEERING COLLEGE

8.40 cgpa

2023 – Present

BHIMAVARAM

Intermediate (MPC), TIRUMALA JUNIOR COLLEGE

95.4%

2021 – 2023

KATHERU

Skills

- **Programming Languages:** Python, JavaScript, C, SQL
- **Frontend Technologies:** HTML, CSS, React.js
- **Backend Technologies:** Node.js, Express.js
- **Databases:** Oracle Database, MongoDB, Supabase

CONCEPTS

- Data Structures and Algorithms (DSA)
- Database Management Systems (DBMS)
- Object-Oriented Programming (OOP)
- Operating Systems (OS)

Projects

ATTENDANCE TRACKER  , *AttenlyX – Attendance Management Web Application*

- Developed a full-stack attendance tracking system using React.js, Node.js, Express.js, MongoDB
- Implemented real-time attendance percentage calculation
- Designed predictive analytics for 75% eligibility tracking
- Built multi-course management system

DUKANBOOK  , *Full-Stack Shop Management Platform*

- Developed a full-stack shop management platform using React.js, Node.js, Express.js, and Supabase (PostgreSQL) to manage inventory, billing, sales, and expenses through REST APIs.
- Implemented real-time inventory tracking, invoice generation, payment management, and business analytics, streamlining daily operations for small businesses.

Internship

Cyber Defence and Security Analyst Intern – Blackbucks | Ongoing

- Interning as a Cyber Defence and Security Analyst, building foundational knowledge in network security, threat detection, and defensive security practices through structured training.
- Completing hands-on modules and coursework covering core cybersecurity concepts, including vulnerability awareness and security best practices.

Certificates

- Python Essentials 1 & 2 - Cisco
- C Programming - Cisco

Languages

- Telugu
- English
